- ✿ Contributing to the preparation of young practitioners;
- ✿ Cultural exchange;
- ✿ Ensuring collaborative learning and networking opportunities.

## 7. Event Guidelines and Main Topics:

- ❖ **Legal Tech:** Familiarize students with the legal tech field and legal tech platforms. A theoretical component will be complemented by interactive presentations from companies/entrepreneurs who have developed platforms for document automation, document generation, and chatbots with integrated legal information.
- ❖ **Legal Innovation:** Emphasize the importance of innovating in law and integrating technology with law, finding new solutions to the same old problems or facilitating the practice of law through the use of technology.
- ❖ **New Technologies:** Discuss the regulation of new technologies and/or their consequences. Explore future legal issues related to AI, metaverse, crypto assets, blockchain, cybersecurity, digital inheritance, data, digital markets, and digital services.
- ❖ **Go Digital in Law:** Exhibition, workshops, and a fair featuring legislative software available in the Romanian market, software for managing law boutiques/law firms, contract management, billed hours, case management, and deadline alerts. English-language publishers will also showcase their portfolios, covering topics addressed during the Winter School.

## 8. International Conference on the last day of the Winter School: COPEJI 8.0

All the participants to the Winter School will be able to attend for free COPEJI 8.0. Professors, researchers and PhD students will also have the opportunity to present their work and papers during the conference and to have their articles published.
